From: Robin Stultz, Who is running for The Board of Directors

Subject: Biography

I have a vision and a goal for NYSQHA in 2012, to see portable stalls under tents on the infield, due to the increase in the number of entries at our shows. That is an obtainable goal that can be reached through the Officers, Board of Directors and the membership of NYSQHA

I believe that by creating affordable shows, advertising, fun prizes, and above all a professional, friendly, and fun atmosphere, our numbers will increase in the future that is before us as an association. I think that each of us could see exhibitors and trainers coming back to Cobleskill this past summer, due to word getting out about the covered pen, new footing, and many refurbished stalls. I heard many compliments such as “Cobleskill and the members of NYSQHA provide a friendly and relaxed atmosphere at their shows“.

I have been speaking to various state quarter horse associations to learn how their shows have increased their numbers in recent years. The overwhelming answer is flat fees, so exhibitors know the cost they will incur at the show. I have already presented this idea at the September NYSQHA meeting. I also suggested a flyer be made by our official show photographer that would include a picture of the covered arena, with a listing of our shows for the 2012 show season. That flyer is currently being printed and will be posted at the Empire Fall Show, the Congress and other Equine Events throughout the year.

I have many other ideas to promote the growth of NYSQHA and with your vote; I will be able to present them at future meetings in 2011 - 2012. I welcome your suggestions and ideas as I firmly believe that the association is only as good as the members of the club.

Thank you for your support.

Robyn Stultz

Sandi read a suggestion from Robyn Stultz, to make up a flyer to post at the Empire show and at Congress, with a collage of exhibitors and the covered arena promoting all the positive things we are doing in 2012, and also post on our website.
